

Having a chat

Children need to be able to listen to and use words and sentences during their play and in their learning.

- ① Go out for a walk to the shops, the park or in the garden.
- ② Talk to your child about their visit. *What did they see? What did they like about it?*
- ③ Write down some sentences about the trip.
- ④ Go on to talk about what they like to eat and drink.
- ⑤ Get them to draw some pictures of things they eat and drink. Write down the names underneath.

Make a diary of their week. You can find a diary template on the following sheet.
