

The special box

- 1 Without your child, decorate a box or use a gift box, then stick a plastic mirror inside.
- 2 Tell your child there is something very special inside the box that is a secret. You could use this activity with a group of children and ask them not tell anyone else what is inside the box.
- 3 Build on the surprise by asking what they think could be inside the box.
- 4 Show your child what is inside the box, if they say '**a mirror**' then talk about what they see in the mirror. Emphasise how no-one else looks like them and how special they are.

Please remember to recycle this activity
