

# Teddy Treats

This will help stress the importance of caring for others

- ① Find your child's favourite teddy or doll.
- ② Sit your child on your lap.
- ③ Talk to them about what kind of things their teddy/doll might need *e.g. food, clothes, love.*
- ④ Make up some stories about the teddy/doll.
- ⑤ Let them play on their own with their teddy/doll.

*You could extend this by talking to them about how important it is to look after someone you care for.*
