

Hope

Keep on breathing, clear and strong,
Let your breathing become your song.
Sing it joyful, sing it true,
Hope will breathe through the world with you.

Sing for the spring in the step,
Glint in the eye, sun in the sky!
Sing for the cat on the lap,
Blue butterfly, love in a sigh!

Breathe in the hope in the air,
Sing it everywhere!

Sing for the flower in the hair,
Candle alight, fire burning bright!
Sing for the bird in the air,
Kite in full flight, star in the night!

Breathe in the hope in the air,
Sing it everywhere!
Become your song!

Sing for the bud on the tree,
Kid on a swing, bee on the wing,
Sing for the moon on the sea,
Bells as they ring, joy that they bring!

Keep on breathing, clear and strong,
Let your breathing become your song.
Sing it joyful, sing it true,
Hope will breathe through the world with you.

Keep on breathing, clear and strong,
Let your breathing become your song.
